Bhusan Shrestha

Aspiring IT Professional

bhushanshrestha2060@gmail.com +977 9814247219 Bhaktapur https://bhusanshrestha.com.np/

Summary

Full Stack Developer with hands-on experience in building RESTful APIs using Java Spring Boot and Node.js with designing responsive user interfaces with React.js. Strong foundation in relational database, with practical experience in authentication, API validation, and scalable backend architecture. Passionate about building efficient, production-ready applications and continuously improving system performance. I believe in learning by doing and through mistakes and experience.

A Web base project for hospital appointment system on HTML, JavaScript, PHP that was built in the 5th semester.
https://github.com/Bhusan-Shrestha/Hospital-

Business Sales Prediction
A full-stack BI system for sales and inventory analysis, integrating XGBoost-based sales forecasting and an AI chatbot.
https://github.com/Bhusan-Shrestha/Power-BI-

Tech Skills

Frontend Technologies
HTML, CSS, JavaScript, React.js

Backend Technologies
Java, Node.JS, PHP, Python

Database
PostgreSQL, MySQL, MongoDB

Dev Tools
Git & GitHub, Postman, Linux, Docker

Programming Skills
C, C++, Java, Python

AI/ML
NumPy, Pandas, scikit-learn, TensorFlow, PyTorch, XGBoost

Soft Skills

Problem-Solving & Analytical Thinking
Ability to analyze complex issues, debug errors, and develop efficient technical solutions.

Communication & Team Collaboration
Clear communication of technical concepts and effective collaboration in cross-functional teams.

Adaptability & Continuous Learning
Quickly learns and applies new technologies, adapting effectively to evolving project requirements.

Attention to Detail
Ensures accuracy in code and maintains high-quality standards through careful implementation, testing, and debugging.

Certifications

Introduction To Data Science Using Python
Himalayan Whitehouse International College
https://whitehousecmt.edu.np/

Data Analysis And Data Science Techniques
AITC International Pvt. Ltd.
